AireShare™ Ventilators

Make hot or cold rooms more comfortable

Room to Room

Level to Level

The perfect companion for homes with:

- Split System, PTAC & Window A/C
- Space Heaters, Stoves, Fireplaces & Cool Lower Levels
- 50% Quieter than Other Fans

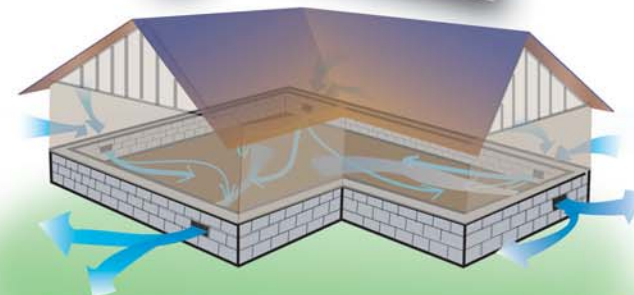

Economical Home Ventilation Fan

Great for damp-musty basements, garages, storage areas, cabins

- ▶ Save over \$100/yr in electricity costs compared to a dehumidifier
- ▶ 2 reversible fans provide air supply, exhaust or balanced exchange
- ▶ Built-in dampers eliminate air infiltration
- ▶ Adjustable humidity control and separate on/off switches for each 90 CFM fan included
- ▶ Speed control plus ducting kit available

UnderAire™ Crawl Space Ventilators

- Ventilates excess moisture to reduce mold, mildew and rot
- Increases air circulation to fight condensation
- Reduces radon, off-gassing and odor migration into living areas
- 110 and 220 CFM models, built-in dehumidistat

Guaranteed No Clog Residential Dryer Duct Booster® Fan

**Boosts long or
restrictive
dryer duct runs**

- Save energy by reducing drying times up to 50%
- Lint Blitzer™ impeller reduces lint build-up, a potential fire hazard
- Easy installation, automatic operation
- Permanently lubricated, ball bearing motor positioned out of air stream

Rooftop Draft Inducers

**Economical inducers for
gas, oil & solid fuel. Power
ventilator rated for dryers,
ovens and general exhaust.**

- Speed adjustability fine tunes performance
- Backward inclined stainless steel wheel repels soot
- Patented auxiliary motor cooling fan protects motor from excessive heat
- Mounts securely to metal or tile lined flues
- Hinged mounting base simplifies installation and service
